NUMBER 31.

Lake Post-office Burglarized.

Partridge Bros' Store Entered Friday
Night and the Post-office Robbed.—Only
Money and Stamps Taken.
When W. S. Partridge of the firm of
Partridge Brothers, proprietors of the
grocery, grain and general store at Nor-
way Lake, went to open the store for
business a little after five Saturday
morning, he found that the store had
been entered through the night by un-
authorized parties, and the post-office,
which is in the store, the senior partner,
J. L. Partridge, being postmaster, had
been robbed.
Entrance was effected by prying up a
window which was nailed by the use of
a chisel either brought by the gang or
stolen somewhere else. The safe was
rolled from the office into the grain room,
where it was covered by meal bags and
blown open by the use of nitro-glycerine
or similar powerful explosive. The
knob was knocked off and the explosive
put in that way, the safe door not having
been drilled. The door was badly shat-
tered.
From the safe the money orders and
postal funds amounting to \$55.00 and
postage stamps amounting to \$38.49
were taken. The mail was not touched
and nothing in the store except perhaps
a few soda crackers and boxes of sar-
dines. The burglars went out by un-
bolting a door.
The manner of entrance and safe
breaking together with the fact that
nothing except money and stamps were
taken indicates that the burglars were
professionals. Owing to the precautions
taken and the fact that the building is a
considerable distance from any occupied
house, no one heard a sound of the
breaking.
Upon discovery notices were tele-
phoned to surrounding towns and the
officers-put on the case. The clues are
rather vague and the chances rather
against finding the guilty parties.
Reception to Former Norway Pastor.
A reception was given Rev. Alexander
Wiswall at the Congregational vestry at
Upton, Mass., recently, on the termina-
tion of his eleven-year pastorate. There
were about 500 personal friends of Mr.
Wiswall present, including people from
other denominations, and affectionate
greetings were tinged with sadness that
he should leave them. He was assisted
in receiving by his daughter, Marjorie
Wiswall. Mr. Wiswall was presented a
solid gold watch and a job chain ap-
propriately inscribed. In behalf of the
church society and friends, and attached
was a charm the gift of the Endeavor
society. Refreshments were served and
the Upton Cadet band added to the
pleasure of the event.
Mr. Wiswall recently resigned the pas-
torate at Upton and has been supplying
other churches in Massachusetts, and
has been at Hanover, N. H. He is to

Train Struck Their Team.

Narrow Escape from Fatal Accident at
Hick's Crossing, Tuesday Afternoon.—
Occupants of the Team Shaken Up and
Bowed.
About 3.45 o'clock Tuesday afternoon,
occurred at Hick's crossing what per-
haps is the most narrow escape from
death or serious injury that has occurred
at that point for a long time.
Albert D. Park, esq., and Mrs. R.
Tucker were driving from South Paris
to Norway and attempted to cross the
railroad track just ahead of the Norway
Branch train which was returning after
meeting the west bound train. On per-
ceiving the team, engineer Ed. Anderson
shut off steam and set the air brake,
bringing the train to a stop, striking the
rear wheel of the wagon quite a blow.
The horse was going rapidly and by
the impact Mrs. Tucker was thrown over
the dasher between the horse and the
wagon. Immediately afterward the for-
ward wheel struck the pole by the Frost
house. This wheel came off and the
horse became free from the wagon and
ran away. Mr. Park also went out of the
team at the same time.
Very soon a number of men gathered,
coming from the train and elsewhere,
who took Mrs. Tucker from under the
wagon and picked Mr. Park up.
Fortunately no bones were broken but
both were badly bruised and shaken.

Norway Grange.

The meeting of Norway Grange last
Saturday was attended by about 50 mem-
bers, mostly women, as the men were in
the hayfield. The program, though
brief, was good. Mrs. Susie Carl of

recitation and was recalled. Mrs. Anna
Tracy of Lawrence, Mass., wife of
former Master W. H. Tracy, was present
as was Mrs. Rose Pike of West
Minot Grange.

The next regular meeting comes Aug-
ust 8 and the program will be furnished
by the Worthy Lecturer. The next
meeting of Pomona is to be held at East
Hebron on Aug. 4.
Several members of Norway Grange
are very sick. Two of these, Elsie Brad-
bury and Mrs. Asa Frost, are at the hos-

son, who has been sick for many weeks,
is reported to be convalescing. J. A.
Bradbury is some better, though so far
from being out of his house. J. H. Wins-
low is failing gradually. Mrs. Emma
Swan is very sick and Mrs. Wilbur has
a dangerous malady. Mrs. Mary Perry
has been sick for two weeks but is now
better. The Grange will be glad to see
all its sick ones recovered and coming
back to the meetings.

Gone to Rumford Falls.

Chester A. Flint will go to Rumford
Falls where he will go into the spring
water business. He was engaged in the
business here a few years ago. He
recently went to Rumford Falls re-
cently and while there bought the mi-
neral spring water route of Chas. M. Tit-
comb, formerly of South Paris. It is
the only route of the kind in the city
and a good business is already estab-
lished. The water in the place is of a
very good type and affords a good op-
portunity for a business of this kind. Mr. Flint
moved his household goods there Tues-
day, and Friday Mrs. Flint and little son
will join him. The best wishes of their
many friends go with them.

Fernald Cottage. The family take pos-
session Saturday of this week, while Mr.

H. Warren. She returned on Tuesday
accompanied by her sister, Jessie M.
Warren, who will remain here a week or
more.

Mrs. Alfred A. Everett and little
daughter, Jessie Hazel, have returned
from visiting her parents, Mr. and Mrs.
Chas. F. Smith of Oxford, also her brother
and sister and other relatives and
friends.

day-school class spent a few days of last
week very pleasantly at the cottage of

There are thirteen families on the
grounds.

A. Richardson and family returned to
their homes in Lewiston, Mass., Thurs-
day of this week after spending a very
enjoyable month on Lake Pennesses-
wasse at Fernald Cottage.

VOLUME XXXIV.

Cinderella in Flower Land.

The pretty operetta, "Cinderella in
Flower Land" will come off on the even-
ing of Tuesday, Aug. 4, at Concert Hall.
It merits the attention of the society
solely in whose behalf it is to be pre-
sented. The managers have been willing to
often drill these small actors that the
play may go as well as such little forces
can carry it. There will be a prologue
to the operetta, a dark song by the
little Misses Hayden, daughters of our
always pleasantly remembered towns-
people, Mr. and Mrs. Samuel Hayden,
who pass their summers among the old
scenes, and bring these small duplicates
where they are willing shall be helpers
of the whole society with its friends and
There is to be a special supper served on
the lawn if the weather favors, other-
wise in the hall. Admission to enter-
tainment 15c, supper tickets 15c, or both
for 25c. This is the first of three "fal-
lairs," which are intended to be such
attractive entertainments to the society
of the whole society with its friends and
it is hoped a generous interest will be
manifested.

"Who is Who," The Big Fun Show.

From the rising of the curtain until
the lights are out, fun and merriment
reigns supreme. The magnificent cos-
tumes costing hundreds of dollars,
pretty girls and lovely music and cham-
pion dances furnish a feast to delight the
eye and ear of the most refined, while
Jay I. Was, a theatrical manager, look-
ing for an angel and his associate, both
with a penchant for the society of ac-
tresses that is but partly restrained by
their watchful wives, basking in the
glow of the bewitching creatures they
adore, keep the house in roars of laugh-
ter. There has been no expense spared
to make this the leading farce comedy
in America. The above refers to the
Big Fun Show, "Who is Who," that will
be presented at the opera house, Friday,
July 31.

Peck's Bad Boy Again.

The Opera House, Monday, Aug. 3,
will ring with laughter when Leroy
French presents these favorite comed-
ies, McDermott and Clifford, in the
musical success, "Peck's Bad Boy," in
three acts. The play starts in the fa-
mous Grocery Store, then to the Boniface
Hotel and the picnic grounds at Clear
Water Woods. McDermott and Clifford
are in the characters of the Dutch Groc-
eryman and Happy Hooligan. The piece
is lively and laughable, and the comedi-
ans introduce several new songs, always
taking three to four encores, and keep
the audience in a continuous roar of
laughter all the time they are singing.
Manager French has surrounded them
with the best and largest
company they have ever had, all the
scenery is new and the costumes are
handsome. The press throughout the
country where they have been seen in
"Peck's Bad Boy" are wide in their
praise of the two comedians and their
new company. Prices, 25c, 35c, 50c.

Mrs. George L. Curtis and daughter
Mildred returned, Wednesday, from their
visit to Massachusetts.

Mrs. Della Giles spent a few days of
her vacation from the shoe shop on Post
Hill with her uncle, Alvin Frost. Much
of her time was very pleasantly and
profitably spent in the fields and woods
botanizing. Mrs. Giles is of a studious
and persevering nature and we predict
she will some day be an expert in botany.

G. Julian Brown is having the lower
part of his house thoroughly renovated
as he intends to occupy that part hav-
ing rented the upstairs to Harry Glidden

Chaney, the well known artist of this
place.

their names and address to the ADVER-
TISER. If you know of any news that
might interest the readers of the ADVER-
TISER let us know about it at once.
Don't wait two or three weeks to see if
some one is going to find out about it
but send it in, and then it will be just
right and just as you want it.

The Simplex Concert Co., F. A. Mc-
Daniels, musical director, H. L. Thurs-
day, will give concerts and
dances at different places, exhibiting the
wonderful piano-playing instrument.
Special artists will also appear in these
concerts. The well-known musical abil-
ity of the management is a guarantee for
the quality of the concert.

Rev. W. C. Stiles of New York was in
Norway this week. He was in this part
of Maine in the interest of the New York
World, and missing connection with his
train he took the opportunity to come to
Norway, his boyhood home, and see some
of his many friends in this village, who
are always glad to hear of a visitor as
a preacher, an author, or in other literary
work.

Norway Band gave another concert
Wednesday evening, which called out a
large number of citizens. The music
was fine. The enjoyment of the concert
was greatly marred by a drunkard, who
took a position in front of the band
stand, and by loud talk disturbed both
musicians and spectators. It would be
a good thing for the officers to be around
at the time of these concerts.

In relation to the article relative to
Frank P. Knapp, published last week,
we are informed that Mr. Knapp's enlist-
ment was a position in front of the band
stand, and by loud talk disturbed both
musicians and spectators. It would be
a good thing for the officers to be around
at the time of these concerts.

The Bird Affair.

Sheriff Edgar L. Flint has spent several days recently in Norway, South Paris and Bryant's Pond, investigating the charges made against Deputy Sheriff Wellington Bird of Bryant's Pond, and the requests made for his removal. Flint told the ADVERTISER that he had not decided definitely upon his course of action. On the one hand Mr. Bird has been a most efficient and faithful officer especially in enforcing the liquor and cigarette laws. On the other hand the prominent and good citizens of the town being anxious for the removal.

There have been many who have criticized less the work of Mr. Bird than his manner of doing it, not always being characterized by dignity and sound judgment, and this opposition has become so strong that it seems to greatly impair his efficiency in his town. The Stephens affair brought matters to a head.

It is not understood that Mr. Bird has resigned, and it is expected that such action is desired by the sheriff, rather than the forcible removal of the man from office.

Rusticator Here.

Once Again Maine Welcomes and Enjoys Him.
 The rusticator is with us. The rusticator in prehistoric times was called the summer visitor. But it has developed rapidly and strangely, and with the new form has taken the new title.

The rusticator generally comes from cities out of the State. It is sunburned and athletic; it wears trousers that are cut pear shape, a hat with strange devices on the front and sides, smokes a pipe, and propels itself by means of a walk that has neither grace nor lasting quality. If a female, it wears short skirts—generally gray, a hat like short-skirted make; and it also has an air of original vivacity. It is especially diffident to publicity—perhaps gentle reader may have noticed it—diffident especially when a crowd strikes the city together.

The native likes to see the rusticator approaching. The native has very good eyes and sees for a very long distance. When the rusticator actually arrives he distributes cigars and good will, and the native under the impulse of a generous influence marks all the prices up.

However, the two get along very well together. The native says nothing, but observes much. The rusticator appears at his ease and wonders how the native struggles along in the winter time.

liver. Mr. Powers is superintendent in

one of the large cotton mills in New

Bedford.

DENMARK.

A Difficult Surgical Operation.

Mrs. C. B. Smith has been very sick

for two weeks, attended by three phys-

icians. July 21, an operation was per-

formed by Dr. S. C. Gordon, assisted by

Drs. Brown, Bennett and Hobb of Bridg-

ton. It was successful, and three large

gall-stones, as well as a large chest-

nut, were taken. Under the skillful care

of Mabel Blanchard, a trained nurse

from Portland, the patient is doing well,

and it is hoped the danger point is past.

G. W. Moulton and A. F. Bradbury

each sold a cow last week.

Mr. Carpenter has sold the hotel and

sells the furnishings the 30th.

Pleasant and selling for 12 1/2 cents per

cupying their cottage, and are enjoying

mosquitoes, as well as good air and wa-

ter.

But a small part of haying has been

done, as the weather has been unsettled

and grass is green, much of it growing.

Some farmers will get an average crop,

while others get two-thirds.

from her work in Wisconsin.

ALBANY.

Birthday Party.

Doris McNally, daughter of Mr. and
Mrs. William McNally had a birthday
party on her second birthday, July 23,
from 2 until 6 o'clock p. m. Very pret-
ty invitations were sent to her friends,
and twenty-seven were present. After
the serving of ice cream and cake, the
children took part in a scramble for pe-
anuts, which were scattered over the
lawn. This, as well as a swing in the
open air, afforded much pleasure for the
small people, and all went home feeling
that much pleasure had been derived
from the afternoon's entertainment, and
wishing many a happy birthday for Dor-
is McNally.

George Baker is working for D. A.
Cummings.

Mr. Wing of Lewiston is spending a

order in order to get more than two-thirds

of a crop.

Andrews, Herbert Bean for Tyler Cole,

Osgood Swan for George Cummings.

Herbert Bean has sold his grass to Abel

Andrews.

At the recent town meeting held July

20, F. G. Sloane was chosen moderator.

Quite a large delegation of women were

present at the meeting from the north-

east part of the town, for the first time,

ever known in this town. It is surpris-

ing to see what a mighty influence wom-

en have come to the polls to vote. Owing

to the large number of women in the south-

west part of the town, who had already got

disgusted with the proceedings of the cen-

tennial committee and stayed at home,

the north-east part of the town beat the

south-west part by a small majority.

Now it is fairly understood that North-

east Albany will hold its centennial cele-

bration, Aug. 12.

Bessie Hamlin.
Bessie, the youngest daughter of Mr. and Mrs. M. M. Hamlin, died at the Central Maine General Hospital, Lewiston, on Sunday morning, the 19th. She had been in that city several weeks for medical treatment and was apparently doing well, recovering finely, the end coming entirely unexpected. Her age was 23 years.
She leaves a father, mother and sister as a large circle of relatives and friends to mourn their loss.
Her funeral was largely attended at her home on the following Wednesday, comforting words being spoken by her former pastor, Rev. A. F. MacDonald, now of Seal Pond, and her pastor here, Rev. E. W. Pond. Her white casket was embedded with flowers, showing the love and respect of relatives and friends.

Orioles and grosbeaks are making sad havoc with green peas and the bird sentiment like Bob Aiken's valor seems to ooze out of our fingers ends. On Dr. Head's champions, not a pod is allowed to fill.

EAST OTSFIELD.
A Pleasant School.
The school in the Wardwell district closed July 30, after a successful term of ten weeks, taught by Mrs. Annie B. Robinson. The closing exercises were of a very interesting order and were attended by the parents and friends in the district. There were recitations and dialogues by the pupils, which showed not only careful training by their teacher, but an excellent degree of interest on the part of the scholars.
The Independence Bell, by Gladys Frost was given in a very pleasant manner. The singing of the May Basket, by Winifred Scotherne, an original composition, it was an article strictly "up-to-date." There was a School Prophecy, by Florence E. Wardwell, School History, by William H. Greenleaf; quotations by Gladys Frost, School Will, by Hartley P. Greenleaf. Historical essays by five of the oldest students. The closing feature was an original essay by Francis H. T. Greenleaf, A Plea for the Little Red Schoolhouse. All of the original articles would have done credit to any High School graduate. The recitations by the three youngest scholars, Charlie Thurlow, Joseph R. Greenleaf and Mildred Thurlow, were all finely given. At the close of the exercises, Gladys Frost, in a neat and off-hand speech, presented the teacher with a beautiful painting, the gift of the school. Mrs. Robinson has taught this school for the last three terms and has been kindly remembered by her scholars each year. The people of the district had a hard struggle to establish this school, but the work the scholars have accomplished under the training of one of the best school teachers, well pays the parents for their effort.
